REMARKS.

In September, 1932, Assistant Special Agent in Charge Quinn stated that this employee was a hard-working and conscientious agent; that he had a good knowledge of the Bureau's functions and of the duties to be performed by a Number One Man, which had been handled by him in excellent shape; and that he considers him a valuable man, but one who at times does not like to take orders. He stated, however, that this fault was being cured. Status - excellent.

Special Agent in Charge Dunn stated that this employee was very enthusiastic and industrious; that he had shown a substantial improvement; that he believes that there is real substance to him; that he could qualify as a Special Agent in Charge; that he had good judgment; and that he was thoroughly conversant with the Bureau's program.

Mr. Edwards stated that this employee had shown improvement in his handling of agents and his general attitude; that he had a thorough knowledge of the Bureau's work; that he was rather immature in some of his thoughts, but that he would develop into a good administrative man. Status - good.

In his efficiency rating comments, Special Agent in Charge Dunn states that the employee has rendered very satisfactory service at that office; that he is intelligent, energetic, well versed in the requirements of his position, possesses a very substantial degree of executive and administrative ability, exercises a fine degree of force and judgment in handling the personnel of the office, a tireless and enthusiastic worker; and that the character, ability, and judgment displayed by this employee while under his observation prompt the opinion that he is an extremely capable and valuable agent.

REMARKS

This Agent has been acting as Number One Man at New York City. Connelley states that he is intelligent, comprehensively applies his knowledge, is possessed of considerable executive ability and has a fairly comprehensive knowledge of the general routine cases coming to the attention of the Bureau. That his prior investigative experience in the Bureau has been of a limited nature and this at times is possibly reflected in some of his decisions. However, his work as Assistant Agent in Charge has been entirely satisfactory. That he is a tireless and enthusiastic worker and is able to operate a typewriter.

REMARKS.

This employee acted as Supervisor in Division Two for a few months and also for a short period in Division Four. While here his work was very satisfactory. He was transferred to New York where he has been acting as Assistant Agent in Charge since October 3rd. Mr. Connolly on November 3rd. stated that he impressed him as being intelligent, careful and sincere; that in the more serious matters he impressed him as being a little immature; that he had applied himself well and had intelligently endeavored to grasp all details of the work. He said that at that time he would not feel warranted in recommending that he be placed in charge of an office but that he believed he had very satisfactory possibilities and should materially develop in the next few months. The efficiency rating comment, which was prepared by Mr. Baughman, is to the effect that while serving in Division Two he was interested, attentive, and efficient and, on the whole, showed good judgment; that he had an excellent personality and is tactful and well poised.

Attached hereto is a copy of the Grapevine which sets forth biographical data concerning the candidates for office. It is difficult for me at times to reconcile my failing memory with the accounts which some of these men write about themselves. I notice one man (Perry) who, from 1942 to 1945 was Personnel Director of the New York office of the Bureau and was in charge of all personnel, training and public relations.

SOCIETY FORMER SPECIAL AGENTS
OF THE
FEDERAL BUREAU OF INVESTIGATION
INC.

Election time is upon us again. Here are portraits and biographical information on the candidates. A ballot and a return envelope are enclosed. Please indicate your choices for the various offices and return your ballot promptly. All ballots must be received not later than 12:00 noon, EST, on Monday, Nov. 9 at the office of the Secretary, Room 2000, Hotel Roosevelt, 45th Street and Madison Avenue, New York 17, N. Y. Results of the election will be announced at the Society's annual dinner meeting Nov. 10.

FOR PRESIDENT

Samuel D'Anna Jr.

Chapter chairmen across the country need no introduction to Samuel D'Anna Jr., who as Chairman of the Chapter Committee during the past year has carried on a rapid fire correspondence with the Chapter chairmen and kept Chapters informed of the activities

of the Society. Through his untiring efforts, Sam has created a new interest and better under-

standing among the Chapters.

Sam D'Anna Jr. served with the Bureau at Washington, Providence and Newark, 1943-45. He is a native of Ohio, born April 20, 1911 in Cleveland. He was graduated from Western Reserve and John Marshall Law School in Cleveland. After practicing law for three years, he entered the employ of the New Amsterdam Casualty Company in 1938. After a period at St. Louis as Claim Manager, the company transferred him to its New York office in September 1949 as attorney and Assistant to the Vice President, a position he still holds.

In addition to his present chairmanship of the Chapters Committee, Sam has served the Society as a member and later as Chairman of the Group Insurance Committee.

Sam, his wife Mildred and their teen-aged daughter Susan Kay make their home at 19 Green Village Road, Madison, N. J.

Robert M. Dore

Bob Dore has been busy in Society affairs since he left the Bureau in 1945, and at present holds the office of Secretary, to which he was elected a year ago. In his

several years as Chairman of the Entertainment Committee, he managed to get a lot of top talent, in-

cluding Jimmy Durante, for the national meetings.

As Secretary, he sat in on Executive Committee meetings during the past year and always was full of ideas for the best interests of the organization and its individual members. For several years he worked on The Grapevine. Recently he helped plan and produce a booklet about the advantages of Society membership, to be used at

ENCLOSURE

a mailing piece for new and prospective members. Bob has worked on a number of committees, and right now, he and Bill Moran are busy shopping for furniture for the Society's new offices at the Roosevelt Hotel in New York.

He was born in Brooklyn, N. Y., 44 years ago, attended New York University and was admitted to the New York Bar in 1937. He practiced law until he joined the Bureau in 1941. He left the FBI in 1945 to join an advertising agency.

At the present time he is Vice President of Carl Reimers, Inc., an advertising agency located on the 81st floor of the Empire State Building. Aside from his work at the agency, which includes client contact, supervision of creative work and looking for new business, Bob syndicates a column for Mr. J. C. Penney, Chairman of the Board of the J. C. Penney Stores. This column now appears in ten newspapers.

Dore is married and has two daughters, and has what he describes as a slim equity in a house in Pennsylvania's Poconos, where he spends all of his spare time. He hopes to live there full time when he slows up and begins to run out of ideas.

He's a fair golfer; he's trying to learn to play the guitar; and he goes to a gym about twice a week. No, he's not trying to lose weight. He just claims he has lots of fun playing badminton and handball.

4th VICE PRESIDENT

George R. Blue

George R. Blue is United States Attorney for the Eastern District of Louisiana, a position to which he was appointed effective Aug. 10, 1953. He is one of the youngest attorneys serving in this capacity in the nation.

George is a Texas-born resident of New Orleans, born in Houston in 1916. He attended public schools in New Orleans and was graduated from Tulane University's College of Arts and Sciences and College of Law. At Tulane he was a member of the varsity boxing team. He is a member of the Kappa Sigma and Phi Delta Phi fraternities.

On graduation from the Tulane law school, he entered private legal practice and was also associated with his father in the finance business. After he had practiced about a year, he became interested in the FBI through Walter E. Dence, a Society member who was then an agent in the New Orleans Field Division. George served with the FBI in the Albany, Cleveland and San Antonio Field Divisions and for more than two years in Mexico and South America. He resigned in October 1945 to return to his law practice and established a firm of which he is now head.

George is married to Betty Beard of New Orleans and they have two sons and a daughter. His hobbies are fishing and a weekly (when he has time) golf game. He has been an active member of the New Orleans Chapter of the Society and

has held the offices of Secretary and Chairman, in addition to serving on numerous committees.

Fred H. Leyhe

Fred Leyhe was born in St. Louis, Mo., Aug. 5, 1917 and was graduated from that city's Washington University in 1940 with an LL.B. degree. He was an executive with the Bank of St. Louis 1940-41, then entered the Bureau in October 1941 and served until June 1943.

After leaving the FBI, he was associated with T. W. Garland Company of St. Louis as General Superintendent until October 1950. At that time, he became Secretary and Treasurer of the Eagle Boat Store Company, which his family founded in 1837.

He is a member of the Phi Delta Beta fraternity, Phi Delta Phi legal fraternity and the Missouri Athletic Club, in addition to the Society.

Fred was married in 1941 to the former Louise Kraus. They have two daughters.

His colleagues in St. Louis feel that Fred is particularly well suited to the office for three reasons: first, because he is a frequent visitor to New York, and could work closely with national headquarters; second, because of his years of service in the Bureau; and third, because of his enthusiasm for the work of the Society.

SECRETARY

A. Hale Watkins

Hale Watkins is a native of Gratton, W. Va., where he was born Jan. 26, 1911. He is a graduate of West Virginia University.

Watkins entered the Bureau in July 1934 and served three years in Atlanta, Birmingham, Rich-

mond and the Bureau. He entered private law practice "and a bit of politics" in Fairmount, W. Va. in 1937.

During World War II, he served as a Naval Aviation gunnery officer, 1946. Since 1946, he has been with the National Board of Fire Underwriters, in Pittsburgh, Pa., Jackson, Miss., and now New York.

He is married to the former Mary Taylor of Atlanta. They have a daughter, Nancy, age 13, and reside in Baldwin, L. I.

Hale has been a member of the Society since 1933, and was Chairman of the Chapter Committee in 1951.

Believing that any candidate should have a platform, Watkins says he "favors good government and early retirement of all former agents at full pay, opposes disease, pestilence and famine."

Robert C. Weisselberg

Bob Weisselberg is Methods and Procedures Manager for the General Fire and Casualty Company.

He joined the FBI in 1940 and worked two years in the Identification Division. From 1942 to 1944 he was a special agent, at Milwaukee and Cincinnati. He left the Bureau in 1944 for the Navy, where he served as executive officer aboard an attack transport in the Pacific.

Since 1946, he has successively been in the import business; methods analyst for the Johns-Manville Corp.; and is now organizing a Methods and Procedures Department for the General Fire and Casualty Company.

He has been a member of the Society since 1947. He is also a member of the Systems and Procedures Association.

Weisselberg is married and has a three-year-old daughter. He lives in Fresh Meadows, N. Y.

TREASURER (TO BE ELECTED FOR A TWO-YEAR TERM)

F. Roy McMahon

Roy McMahon is a CPA with offices at 270 Park Ave., New York. He found time, somehow, to study law and pass his New York State Bar exams last year.

Back in 1937, Roy became a general partner in the firm of John McMahon and Sons, accounting firm specializing in all forms of taxation. The nation's largest manufacturer of castor oil has been one of the firm's clients for years, as have a number of the largest wholesale hardware companies in the East.

Roy served in the Washington, Cleveland and Philadelphia offices of the Bureau during the years 1942-45. On leaving the Bureau he rejoined the accounting firm.

He got into politics to the extent of managing his brother Gregory's successful 1946 campaign for Congress as Representative of the Fourth District in Queens, New York.

McMahon, his attractive wife, the former Ruth C. Walsh, and their two daughters reside at Glen Head, N. Y.

Eugene M. Ward

Gene Ward's membership in the Society dates back to early 1939, shortly after he left the Bureau. Over that period, he has always taken a keen interest in Society affairs. He served two terms as Secretary (before the advent of the esteemed Fran Keogh) and three years as a member of the Executive Committee. He was co-founder of the Cleveland Chapter. From time to time he has contributed articles and items of interest for The Grapevine.

Gene is a native New Yorker, a

graduate of its public schools and, like so many of the early special accountants, a graduate of Pace Institute.

He entered the Bureau service in

June 1929 and after a brief training course, then conducted in the Hurley-Wright Building in Washington, was assigned to the New York office for further training under experienced accountants. Within six months of his appointment, an unusually short period in those days, he received his first "solo" assignment, a bank case. In late February 1930 he was transferred to the "seat of government" as Chief Clerk of the Bureau. His health, however, had other plans, imposing upon him an 18-month leave of absence.

He was reappointed on Oct. 1, 1931, and after another training course, somewhat enlarged, he was again assigned to the Bureau, where he reviewed accounting reports from the field and the solutions to the problems in the Bureau's accounting course, required reading for all agents at that time. Subsequently, he was assigned to the Seattle, Detroit and New York offices, specializing in bank and bankruptcy cases. Besides handling the usual accounting cases he, like other accountants during that period, received assignments of many other classifications. He was sent from New York to Miami during the summer of 1933 on the Cash kidnapping case. For a short time before his resignation in December 1933, he was Accounting Supervisor at the New York office.

After leaving the Bureau, Ward headed the Buffalo and Cleveland offices of the Claims Bureau of the Association of Casualty and Surety Executives. Later, he was senior accountant with the Controller's Division of the Allen Property Custodian. Then he did contract ter-

minations work for a government agency and in private industry.

For the past six years, Gene has handled the accounting and tax work for a member of the Guggenheim family and two charitable foundations at 120 Broadway, New York. He resides in Richmond Hill, N. Y.

EXECUTIVE COMMITTEE

Ralph F. Batch

Ralph F. Batch was born in Washington, D. C., where he earned his LL. B. degree at Georgetown University and was admitted to practice before the District of Columbia Bar.

He entered the FBI in 1935 and was assigned successively to St. Louis, Birmingham and New Orleans. He was resident agent at Alexandria, La., Butte, Aberdeen, Sioux Falls, Louisville and London, Ky. He was Assistant Agent in Charge at Newark at the time of his resignation in December 1942.

Batch became associated with the C-O-Two Fire Equipment Company in Newark in January 1943 and became Secretary of the company in 1944.

He is also President and Director of Personal Music Company, President and Director of Measured Music Sales & Service Company, Secretary and Director of Longworth Corporation, Vice President and Director of the Employers Association of North Jersey. He is a former Director of the Newark Junior Chamber of Commerce and member of the local draft board.

His present memberships include Newark Traffic Commission, Down Town Club, Propeller Club, Racquets Club and Canoe Brook Country Club.

Wilfred R. Lorry

Wilfred R. Lorry is a Philadelphian, born there Sept. 29, 1905, educated in its public schools and at the University of Pennsylvania

(A.B. 1927, LL.B. 1930) and engaged in the practice of law there since 1930, apart from the years 1934-44, spent in the Bureau.

Following graduation from the University of Pennsylvania Law School, Lorry was admitted to practice in the State and Federal Courts, and before the United States Supreme Court.

During his years in the Bureau, he served twice in the Detroit office, as number one man under SAC John S. Bugas; Chicago, including a term as resident agent in South Bend; Indianapolis; Trenton, including assignment as resident agent at Newark; Philadelphia (twice); and the Training Division in Washington. He was given a special SIS assignment overseas in 1942 and 1943.

He returned to Philadelphia and resumed his law practice there June 1, 1944. He entered the Auxiliary Coast Guard and served with the "Port Security Force" in the Philadelphia area from 1944 until the unit was disbanded following the end of the war.

His firm, Freedman, Landy and Lorry, is one of the foremost law firms in Philadelphia, engaged in trial work and general corporation and commercial practice, specializing in admiralty and personal injury matters.

Lorry was married March 27, 1931 and has a son attending Harvard and a daughter at Lower Merion High School, Ardmore, Pa. The Lorrys live in Wynnewood, Pa.

Daniel L. O'Connor

Dan O'Connor has been active in Society affairs since 1946 and

has served continuously as a member of the Executive Committee of the Washington Chapter for the past six years. He has long been a staunch advocate of chapter participation in the affairs of the Society and if elected will bring to

the National Executive Committee a wealth of experience in problems confronting local chapters.

Dan has a substantial law practice in the District of Columbia and is probably best known to members who are actively engaged in the practice of law. His compilation and distribution of a legal directory, ("Law Directory of Former FBI Agents") has received national attention and is widely used by the profession. The publishing of this directory has been a real service to former agents.

Entering the Bureau as a special

agent in June 1939, Dan was assigned to Kansas City, Knoxville (resident agent at Chattanooga), Los Angeles and Washington Field Offices. He resigned in October 1945 to enter the practice of law. His exploits with confidential but highly reliable sources of information will be long remembered.

A native of Texas, Dan was raised in California and educated at St. Mary's College and Georgetown University. He is married, has two sons, resides in the District of Columbia.

During this time, he also served as a professor at the Rutgers University Graduate School of Business, teaching personnel administration and office management. He also served on a part time basis as a consultant to the Office of Price Stabilization.

In 1941 and '42 and from 1945 to '48, he was Director of Business Administration at Teachers College, New Britain, Conn. He served in the Bureau 1942-45, and during that period acted as Personnel Director of the New York office, where he was in charge of all personnel, training and public relations.

Perry attended high school in Freeport, Ill. He earned his B.S. degree at Teachers College in Whitewater, Wis., his M.A. at the University of Iowa and his doctorate at New York University.

October 16, 1953

Honorable J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Hoover:

As you probably know, Woodstock College is the seminary in Maryland where the members of the Jesuit Order receive various phases of their education. The seminary is located on the outskirts of Baltimore of Woodstock. I have known one of the seminarians, William L. Kelly, S. J., for several years. He is a brilliant young man. I have received from him this week a request to approach you to determine whether it would be possible for you to address the seminary Forum some time in the next few months.

In his letter he states: "By way of introduction I would like to say that we have here at Woodstock a type of speech Forum to which a select number of prominent men known for their excellence in specific fields of learning or public welfare are invited to address the Jesuit community here at Woodstock on several occasions during the academic year. Some of the men who have recently addressed us are Mr. Murray of the AEC, Fr. DeSouza, a representative of India to the U. N., the famous archeologist in oriental studies, Dr. Albright of Johns Hopkins University, et al.

"The purpose of these lectures is to give the Jesuit members of the community a broader appreciation of contemporaneous problems and a stimulus for private work which the men may be directing toward these fields. The direction of this Forum is in the hands of designated theologians who work under the moderation of Reverend Father Joseph Murphy, S. J., Rector of this seminary.

"Recently I was speaking with the man who is arranging the program for 1953-54. The conversation turned to Mr. John Edgar Hoover. Many of the men here voiced enthusiasm at the possibility of having him address us here at Woodstock, and so I have taken it upon myself to see what the possibilities of such a lecture might be. the most busy man in America and that coming over here some evening for a lecture would be asking a great deal of him. Too, I feel that in approaching this possibility through you borders on the improper. But so many of the men are so anxious for the actualization of this possibility, and the fact that I could discuss this matter openly with you forced me to be more valiant than prudent.

"What I would like to ask you is this: do you think it might be possible to have Mr. Hoover here for the lecture?

"We would like him to speak on the work of the F.B.I. in connection with Communism, or some field which he feels would be of particular interest to men of our labors. We would like him and any friends that would accompany him -- stag of course -- to come for dinner about 6:00 p.m. Then the lecture would be about 7:30 p.m. till about 9:00 p.m. if he so wished. This would probably include a short 'question-form-the-floor' period' if agreeable to Mr. Hoover. We would like to do anything within our means to make this possible. Reverend Father Rector has said that he would be most willing to write to Mr. Hoover, and so whatever we thought would be proper. If you thought this the better course, by way of protocol, etc., we would be glad to try it, but I thought the possibility of a more personal invitation from us through you might be more rewarding in its fruitfulness. We would do whatever you think most proper in this regard.

"As for the date, we would like to leave that as much as possible up to Mr. Hoover. Wednesday or Thursday evenings are the nights usually reserved for these lectures, though Tuesday or Friday evenings may also be considered if necessary. If possible, we would like Mr. Hoover to Address us toward the end of November or early December, or in late January. If these times are inconvenient, then if he could specify the time open to him, we could readily try to accommodate our schedule and see if the date would be possible here at Woodstock.

"Besides the appreciation of our native Jesuits, I am sure the gratitude of the many men here from all corners of the world would make Mr. Hoover feel most welcome."

This Forum is of the "closed type" in that it is confined to the seminarians. I, of course, know how busy your

schedule is, but I did not know whether it might be possible for you to speak to these men who, in turn, reach such a great segment of our American people. I will advise Mr. Kelly of your situation if you desire me to do so.

Dear Ed:

Thanks very much for your letter of October 16, 1953, passing along to me the kind invitation of Mr. William L. Kelly for me to address the seminarians of Woodsstock late this year or early next year. It was a real pleasure to hear from you again.

We certainly are busy these days, and there is so much work to be done that I do not see how I can plan to handle this engagement. I am writing to Mr. Kelly today to express my regrets to him.

With warmest regards,

Sincerely,

Dear Ed:

Thank you for your note of December 21, 1953. Your reaction to "Red Infiltration of Labor Unions" is most pleasing to me. There is a particular need to educate union members concerning Communist Party machinations, and I hope my article will help to achieve that end. I feel some of the more enlightened union officials have at last come to the realization that decisive affirmative action is needed; and, of course, in the final analysis, the responsibility is theirs.

With cordial best wishes,

Sincerely,

Dear Mr. Hoover:

I have thoroughly enjoyed reading your excellent article on "Red Infiltration of Labor Unions." The message is a most impressive one, and I was particularly pleased to find that it had originally been printed in "Guide". To me, it is most important to bring to members of labor unions authentic information concerning the program of the Communist Party with respect to their organizations. I firmly believe in the proper educating of union members to frustrate the Communist Party's program.

Best wishes and kind regards.

Dear Ed:

I was deeply touched by the sentiments set forth in your letter of January 13, and I did appreciate so much your kindly references.

It seems that the milestones are coming too fast for comfort and I do wish they would slow up. As I look back I consider myself fortunate indeed to have had the opportunities which Mr. Hoover has given me and for the privilege of serving. I regret, however, the occasions when my efforts have been ineffective and I wish there was more I could do to help.

I certainly hope that the family and you are enjoying good health and that the New Year will bring you all an abundance of all things good.

With every good wish,

Sincerely,

Nicholas T. Chase, who is Chairman of the arrangements for the Catholic University homecoming dinner where the Cardinal Gibbons award will be given the Director, called. He wanted to extend you an invitation to attend the banquet. I accordingly accepted on your behalf.

He is having a very small reception of not to exceed 25 people prior to the dinner at the Statler Hotel. The Director and you are both invited. He will let us know the details of this at a later date.

He then asked if there were any others to whom an invitation should be extended in the Bureau as he would like to have a few of the Director's assistants present. I told him that I did not think at the moment of any names which should be included, but if any did occur, I would let him know. He then stated he would like to invite Judge Edward Tamm and wondered if this would be all right. I told him this, of course, would be up to him. He invited me. I told him I seriously doubted I would be in town that weekend but that if I found I would be, would let him know. He stated if I would call him a few days before November 13th, this would be satisfactory. He also asked that I let him know if we had any views on having anyone else invited. He mentioned Leo Laughlin, who is an alumnus of Catholic University and will be there anyway. He is including him among the guests at the small reception prior to the dinner.

It will be a black tie affair. Chase stated it is shaping up very well.

SUBJECT: REQUEST OF MILTON B. FREUDENHEIM
CHICAGO DAILY NEWS
RE FORMER BUREAU AGENTS

94-80141-557

Your memorandum to Mr. Tolson dated January 27, 1955, reflects the request by Milton B. Freudenheim, Chicago Daily News, for the identity of former FBI Agents who have continued a career of public service after having started out in the FBI. Freudenheim inquired if we could give him approximately 20 names which would include members of Congress, Federal Judges and others in public life engaged in public service. Mr. Tolson agreed that we could make available to Freudenheim the names of some of our former Agents who are a credit to the Bureau, and he desired to know the identities of those whom you proposed to use. The Director agreed.

By memorandum to you dated February 2, 1955, a list of 20 individuals, former Bureau Agents, were submitted and you were advised that in the event the former Agents listed were approved, the Crime Records Section would review the personnel files of these individuals and prepare suitable data for Freudenheim. You deleted one name from this list of 20 (Thomas J. Donegan). There is attached material compiled as a result of personnel file review on the remaining individuals which is believed suitable to be forwarded to Freudenheim. It is pointed out that there are 18 names in the attached as we have deleted one name from the approved list. This deletion is Honorable Leon Bone, Judge, Vista, California. Bone has been deleted because it is not felt that he belongs in the same category with the other individuals, all of whom are in high and responsible positions. While Bone had a good record in the Bureau, he served many years ago, entering the Bureau in 1911 and retiring in 1936. In 1944, he was appointed to his present position which is merely Justice of the Peace of Vista, California, a very small community just outside San Diego.

RECOMMENDATION:

That the attached be furnished to Freudenheim.

Sincerely,

I have heard rumors from time to time about whether Judge J. Frank McLaughlin of Honolulu would or would not be reappointed. It is my understanding that his term expired a year or more ago and that nothing has been done about his reappointment. I am not acquainted with him, but I did receive the attached documents by airmail this morning. I don't know whether these documents are being sent to all Federal judges, or why they were sent to me, but I thought you might want to have a record of them in the Bureau files.

My dear Friend:

I am very much impressed with your excellent address, "The Law and the Layman." I do hope that it will not only be widely read but that the very substantial sentiments expressed by you will be taken to heart, especially by the Judiciary. It seems to me that the pendulum of judicial action has swung about as far as society can tolerate it, and I am hopeful that as a result of a realization of the ironic truth in your address there will be a strong tendency towards a more realistic appraisal of the rights of society, especially in criminal cases.

I think it was very fine and very unselfish of you to take the time out of your crowded schedule to attend the American Bar Association convention and give this address. It is from such seeds of unselfishness that oaks of accomplishment will grow.

Sincerely,

Thanks very much for your thoughtful letter of
September 2, 1958.

I am, of course, most happy that my address
before the American Bar Association was so well received by
you. I enjoyed participating and perhaps I persuaded some people
that a more realistic approach is the only answer. As expected,
there were complaints from some of the probation and parole
people--they just refuse to face the facts.

Dear Mr. Hoover:

The pastor of my church has requested me to invite you to address the Annual Communion Breakfast of the men of the parish on Sunday, March 8, 1959. I feel an obligation to pass this invitation on to you, but knowing as I do of your very busy schedule and the many, many demands which are made upon all of your waking hours, I cannot say to you that this is an invitation which you should accept. The breakfast is an item of interest only to the people of the parish, and I think that you should confine your acceptances of such invitations to groups which are national in their scope.

I have been advised by the pastor that if the date of March 8, 1959 is not agreeable to you, he could move the breakfast to another Sunday in that general period. It occurs to me, as I dictate this, that if it is not possible for you to accept this engagement, it might be well to designate a member of your staff for this occasion.

Your letter of the 12th has arrived, and I have also received the copy of the letter prepared by Frank J. Holmes which you sent over. With regard to the current smear campaign, I am enclosing some items which I thought you might like to read.

It was kind of you to pass along the invitation for me to speak at the Annual Communion Breakfast of the men of your parish next March 8. Unfortunately, as you indicated, my schedule is extremely full, and I do not see how I can possibly accept. It is a pleasure, however, to designate Inspector William C. Dear Member:

Information has been received that representatives of the New York POST Newspaper have been contacting former employees of the FBI in an effort to obtain information which would reflect unfavorably on the Director and the Bureau.

This effort appears to be part of an organized attempt to smear Director Hoover and the Bureau. In this connection a recent issue of Nation Magazine contained a 60 page article which was critical of the Bureau. The official publication of the Emergency Civil Liberties Committee, RIGHTS Magazine has also prepared an article for its October issue which is along the same line.

I thought you would like to know of this effort to discredit the Director and to lessen the effectiveness of the Bureau's work. I am certain that all of our members will resist any and all such efforts.

I would appreciate your advising me if you are contacted relative to this matter with details as to the nature of the inquiry.

Judge Tamm's Many Interests Span Fishing, Poetry, Sports Cars

By PHIL THOMAS
Star Staff Writer

Between a blue tuna on the sixth floor and a Jaguar in the basement of the United States Courthouse here lies a tale of a judge's wide interests.

The tuna weighed in at 595 pounds when District Judge Edward A. Tamm landed it off the Bahama Islands—his first tussle with one of the sleek sea creatures. He keeps the mounted fish at the court house.

The Jaguar is one of several sports cars the 52-year-old jurist has owned.

Judge Tamm said he has been fishing since his boyhood in Montana and Minnesota. When he came to Washington 30 years ago—eventually becoming assistant to FBI Director J. Edgar Hoover before moving on to the bench—Judge Tamm transferred his fishing to Chesapeake Bay.

And that led to another activity.

Boat Fan, Too

"When you go fishing, you use a boat, and I got more interested in the boats than in the fish," he said.

The judge once spent four and a half years helping a friend rebuild a boat, working in winter snows and summer sun on the South River near Annapolis.

"It was nice. There were no phone calls, and we got away from it all," he said.

This project included rebuilding a diesel engine "when we had to look at a manual to see what step we had to take next." And the judge has gone farther than that. A thor-

JUDGE EDWARD A. TAMM

ough man, he's taken courses in navigation and in the working of combustion engines.

But this spare time activity hasn't cut down on the judge's other recreational interests.

Student of Theater

An avid reader, he concentrates on devouring the lines of plays, terming himself a "student of the theater."

This might be considered an idle boast, if it wasn't a fact that the judge and his wife go on weekends to New York to see stage productions—"we get in a couple of plays every trip."

Nor does the judge miss many of the productions at the National Theater and those presented at Catholic University every year.

Judge Tamm has an interest in poetry, too, and he proudly

relates that his 22-year-old son, Edward A. Tamm, Jr. is a graduate student at Columbia University, majoring in the poetry of English literature.

Edward Tamm's interest in riding has led the judge into another activity—going with his son to about 30 horse shows a year to show the family animal that's kept at Burtonsville, Md. Until recently, the Tamms also had a prize bulldog, whose trophies adorn the judge's desk at District Court.

Redskin Booster

And Judge Tamm is an incurable fan of the Washington Redskins football team, making a point of traveling out of town to see the local eleven play.

"When they win, I'm exuberant and my complexion is rosy. When they lose, my color pales, and I'm depressed," he explains.

Where does all this activity fit into the judge's schedule?

"Well, there are 24 hours in a day," he says. "And I've always believed that fatigue is nothing more than boredom."

Fitting in with this philosophy, the judge has a professional reputation as a hard-working jurist. At the courthouse by 9 a.m., he usually leaves at 5 p.m. And he normally puts in two to five hours of homework three nights out of each working week he says. During summer recesses of the court he spends added hours on court business at home.

"But my outside interests really do something for me. They enable me to come back into court and attack legal problems with real enthusiasm," he says.

Dear Ed:

I appreciated receiving your several notes. The reaction to the articles, "Counterattack on Juvenile Delinquency," has been excellent to date, and a number of groups around the country are arranging for additional distribution. I know you agree that juvenile delinquency must be checked and that we all must do everything we can to bring this great problem under control.

Concerning your suggestion as to the use of certain copying machines in the Bureau's work, we want to be alert, as you know, to new methods for streamlining our procedures, and you may be sure we will check thoroughly into the idea you have proposed. I am pleased that you could take some time from your busy schedule to think of the Bureau and a possible way to improve its operations. Please accept my sincere thanks for your thoughtfulness in writing to me.

In regard to the "American Bar Association Journal," I am certainly pleased with the treatment afforded my speech, and I am indeed appreciative of your splendid efforts in this regard.

With best regards,

Sincerely,

/s/ JEH

My dear Friend:

I have enjoyed re-reading your excellent article, "Counterattack on Juvenile Delinquency". I read the components of this paper as they appeared in "This Week" Magazine and not only found each installment both intelligent and interesting, but I heard a great deal of discussion about these articles.

I do think it is tremendously important that your views on matters of this kind receive the widest possible circulation. I was, as I have indicated, surprised at the number of people who read "This Week" Magazine. Thank you again for furnishing this very interesting article to me. I am circulating it among several friends who were not fortunate enough to see it.

Dear Mr. Hoover:

I am delighted that the American Bar Association so promptly published the address which you delivered at the meeting of the Bar Association in Los Angeles.

The circulation of the JOURNAL is extensive, and I know that the correct report of exactly what you said will reach a considerable number of people who had been given a completely erroneous account of your talk. I have already circulated copies of your address among most of the judges of our Court and have furnished them for their information the other data relating to the attack upon you which grew out of this address. I am pleased to say that a substantial majority of our judges are completely out of sympathy with the probation and parole associations' stand.

Dear Mr. Hoover:

Grace and I have decided to celebrate our 25th wedding anniversary by a brief trip to Mexico City. Grace has never been there, and she has for a good many years wanted to make this trip. I have been very tired for the past few weeks and accordingly have decided to take advantage of this Silver Anniversary by being away from the courthouse for a week or ten days. I write you this note to request that you advise the Legal Attache in Mexico City of our visit there in order that I may, if it becomes necessary, get in touch with him. I have completed our travel and hotel reservations and expect to arrive in Mexico City by train from San Antonio at 8 p.m. on Friday, February 6th. We are staying at the Conrad Hilton Hotel for a period of 4 or 5 days and then, after perhaps one or two days in some other Mexican town or city, will return to Washington.

I don't anticipate any problems in connection with this trip, but because of our children being in college, I would like to feel that in an emergency I can get in touch with the Legal Attache if the exigencies require it.

I will greatly appreciate your kindly consideration of this matter.

With best wishes and kind regards.

My dear Friend:

E. A. Tamm

Grace and I had a most pleasant and delightful trip to Mexico due in substantial measure to the many courtesies extended by you to us. Mr. John ~~Speakes~~ in Mexico City was most gracious and hospitable and did everything in his power to make our visit an interesting one. I cannot speak too highly of his kindness to us. Incidentally, having had several opportunities to talk to him about world conditions, I became greatly impressed with his capacity, his ability, his judgment and his intelligence. He is a Bureau representative who, I feel, will reflect credit upon the Bureau under any and all circumstances.

En route to Washington, on our return trip, Mr. Calvin ~~B~~ Howard met us in St. Louis on Sunday morning and drove us to church, thereby enabling us to attend Mass despite the fact that we had but little more than an hour in St. Louis. This meant a great deal to us, and we are especially appreciative of Mr. Howard's thoughtfulness, his courtesy and his assistance.

I want you to know that I am sincerely appreciative of your graciousness in making the Bureau's personnel available to us on the occasion of this trip. The trip will remain in our memories as one of the high spots of our lives, and this is due to your kindness to us.

I do hope that an opportunity will present itself by which it will be possible for you to spend some time in Mexico--especially Mexico City, Taxco and Acapulco. I discussed this at some length

Judge TAMM and Mrs. TAMM plan to depart Mexico City by Mexican National Railways train tomorrow morning, and they will be assisted at the railroad station by myself and Agents of this office. The Bureau is aware of the itinerary of the TAMMS, and our Resident Agency in Monterrey has been alerted to the passage of the train.

It is believed that the TAMMS have enjoyed the trip in Mexico, and in this connection we have made every effort to provide courtesies for them. All personnel of this office who have been in personal contact with the TAMMS, which is almost the entirety of the office, have thoroughly enjoyed conversing with them.

Of special interest from the standpoint of the Bureau may be the fact that on February 17 last we arranged a personal visit on the part of Judge TAMM with the Mexican Minister of Gobernacion, Lic. GUSTAVO DIAZ ORDAZ. [SA [REDACTED]] this office set up the interview through [REDACTED]

It may be noted that by separate communication a recommendation is being made for a letter of commendation from the Director to SA [REDACTED] based upon his excellent handling of the situation whereby we have special confidential entry to the Minister of Gobernacion.

It may be noted that the person who occupies the position of Minister of Gobernacion is normally in Mexico the most important man in the government next to the President. In fact, until the last election, it had become somewhat of a pattern that being Minister of Gobernacion was occupying the position which was a stepping stone to the Presidency.

Yesterday the Minister was extremely occupied in matters pertaining to President EISENHOWER's visit. He has, of course, over-all responsibility for the various police engaged in security work. He had not planned to be in his office on the morning in question, but when his nephew spoke to him with respect to the interest of Judge TAMM in meeting him, mentioning also the former position of Judge TAMM in the Bureau, the Minister immediately arranged the appointment, coming down to the office especially to meet Judge TAMM. Customarily it is necessary to wait a considerable period of time in an outer waiting room. On this occasion we were ushered immediately in to the Minister upon our arrival at the Gobernacion building.

The Minister left his desk and sat on the sofa with us, thus creating the impression that the interview did not have to be formal and hurried. He expressed himself in cordial terms and throughout the interview demonstrated real friendliness. [He expressed his admiration for Director HOOVER and for the Bureau and his desire to continue providing all appropriate cooperation with the Bureau's representatives. Judge TAMM mentioned that he would be seeing Director HOOVER after his arrival in Washington, and the Minister immediately desired that Judge TAMM convey the Minister's warmest personal greetings.] (U)

(U) It is my feeling that this was a rather unusual demonstration of friendliness on the part of an extremely high Mexican official, and I felt the Bureau would desire to know of it in some detail. (S)

MEMORANDUM FOR MR. TOLSON
MR. PARSONS
MR. MOHR
MR. DE LOACH

In conversation with Judge Edward A. Tamm of the United States District Court for the District of Columbia a few days ago, he told me Judge Mary Barlow of the Municipal Court for the District of Columbia, apparently again is somewhat emotionally disturbed. She is under the impression now that her mail is being surveilled by some Government agency and thought that she would call me about the same. Judge Tamm suggested that it would not be a matter within our purview, but if she had any suspicions in this respect, she should call the Post Office Inspector.

Wash, DC

Judge Barlow some years ago was somewhat emotionally upset, but it had been felt she had recovered. Apparently she again is imagining things, and I set forth the above so that in the event Judge Barlow should communicate with the Bureau, she should be promptly referred to the Post Office Inspector.

Very truly yours,

J. E. H.

Dear Mr. Hoover:

Reference is made to my letter of February 27, 1961, regarding our efforts to assist [redacted] to obtain employment in Paris.

b6
b7C

You may recall that we had conferred with Embassy officials and determined that it was practically impossible for him to obtain employment with the State Department at the Embassy in Paris. We did, however, place him in touch with a number of other Government agencies, and private and international organizations, in an attempt to assist him in locating employment.

As a result of these efforts, he was offered employment as a cashier with the American Express Company in their office at SHAPE headquarters outside of Paris. He refused this position, however, on the basis that he hoped in the near future to obtain employment with the U. S. Information Service, possibly as a writer and book reviewer.

b6
b7C

I talked personally with [redacted] on April 7, and he states that he may have been hasty in refusing the employment with the American Express Company since he has not yet been offered employment with the U. S. Information Service. He states that possibly he should have accepted the American Express position as a temporary measure until other employment developed. He is still making contacts with the organizations and individuals we recommended to him. He stated that he is still interested in obtaining employment in Paris, and we will continue to do whatever we can to assist him.

With kindest personal regards,

During the course of the trial concerning acting as an attorney in District Court, Washington, D. C., when in fact he is not a member of a bar, the name of a former Bureau official was raised, namely E. A. Tamm.

During the cross-examination of District of Columbia Bar Association, he was asked as to whether he knew of any Federal Judge in the District who was not a member of the bar. replied that he did not and he was then asked the direct question as to whether he had any knowledge that E. A. Tamm had not been a member of the bar at the time he was appointed a Federal judge. stated that he did not have any information concerning this. In the later questioning on this point the inference that some special exception had been made in Judge Tamm's appointment was raised.

The foregoing is submitted for your information.

Judge Edward A. Tamm called concerning an ex-Bureau Agent by the name of Lester ~~Condon~~ Condon, who is listed in the Congressional Directory as Deputy Commissioner of the Federal Housing Administration. Judge Tamm stated that Condon has been telling people that he has been assigned to [] as special investigator and is conducting a special investigation of labor unions and reporting directly to []. He stated he heard that Condon was in the Press Club a couple of weeks ago claiming that he was investigating the Teamsters Union and especially Hoffa's activities. Judge Tamm stated he did not know whether this was something the Bureau should be investigating or whether this was a rival organization being set up.

I stated that I imagined Condon was taking a little literary license but on the other hand there were a number of persons working out of the Attorney General's Office. Judge Tamm then stated that he ran into Condon oneday and asked him where his office was located and Condon replied that he had a hide-out in the Labor Department and when asked if it was in the Labor Department Building Condon stated no that the office was in an office building where Labor has a number of suites. I told Judge Tamm that I had recommended an ex-Agent by the name of [] for a position in the Labor Department and he has taken over the responsibility of filing financial statements by unions required by the new law passed last year. I stated this ties in with the operation of the same law for which we have authority such as officials taking money from employees or employers being paid by sweetheart contracts, etc. I commented that he may have expanded his activities. I also commented that former Agent Carmine Bellino now has the title of Presidential Consultant and it is possible he may be doing some work on Hoffa.

I told Judge Tamm that I was glad to have this information.

Very truly yours,

My dear Mr. Hoover:

The attached document, "The Bill of Rights and the Radical Right," was received by me in this morning's mail. I do not know [redacted] and I don't know why he selected me as a recipient of this reprint. There are, however, a couple of references to you and the Bureau on pages numbered 8 and 9 in this document which I thought would be of interest to you. I especially invite your attention to footnote number 1 on the page numbered 9 in this pamphlet.

With best wishes and kind regards.

Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Hoover:

Recently, Father Gilbert Hartke of Catholic University asked me to see a [redacted] a Washington lawyer who recently opened an office here as part of the operation of a New York law firm dealing largely in international law and international finance. The firm is Curtis, Mallet-Prevost, Colt and Mosle. It seems that this firm for some years had professional dealings with Dr. Alexander Adamovitch, who is the subject of the attached biographical data. Adamovitch ultimately became an employee of the Department of Justice, engaged in some consultant capacity in the Inter-Handl case. This case apparently has now been completed, and Adamovitch is apprehensive that he will lose his employment. Father Hartke asked me to see whether I could do anything to insure the continuation of Dr. Adamovitch's employment.

I assume the Bureau has some record of Adamovitch, but upon the basis of his biographical data I wondered whether the Bureau might find him of any use, especially in view of his apparent language proficiency. I accordingly bring these data to your attention only that they may be appraised by someone to determine whether this man might make some contribution to the Bureau's work.

I do not know Dr. Adamovitch, and my sole interest in him is because of Father Hartke's reference.

Sincerely,

Ed

The Honorable Kenneth B. Keating
United States Senate Office Building
Washington, D. C.

Re: Dr. Alexander Adamovitch

My dear Senator Keating:

As a resident of Westchester County, New York, I am writing you on behalf of Dr. Alexander Adamovitch, a United States citizen, presently in Washington, D.C., previously a resident of the City and State of New York. This is the first letter of this type which I have ever written to a legislative representative and it has seemed best to me to write to you directly rather than through channels.

I have known Dr. Adamovitch since 1930 when I spent over a year in Yugoslavia on American legal work. At that time, Dr. Adamovitch and his father acted as Yugoslavian legal counsel for the American companies which I represented and I found him to be most competent and trustworthy. After the second world war, Dr. Adamovitch refused to have anything to do with the Tito regime and after incredible dangers and hardships, he and his wife managed to reach Paris and eventually the United States where they have both become citizens.

Life has not been easy for the Adamovitches in this country, since his talents, although very great indeed, are somewhat specialized. He has held important posts in New York City with Radio Free Europe and similar institutions. More recently, he has been in Washington, D.C., originally connected with the Mid-European Law Project of the Library of Congress. When the personnel in that project was reduced, Dr. Adamovitch, being one of the newer comers was laid off, and he is presently with the United States Department of Justice. Unfortunately, apparently due to the change of Administrations, he expects to be replaced there in the very near future. His situation, of course, is very different from that of a native born American, and his great concern is one of dignified survival.

I believe that loyal trustworthy persons, like Dr. Adamovitch (and Dr. Adamovitch in particular), are of great value to this country and to the free world and that in so far as possible our country should find a place for them. This is particularly true in the case of Dr. Adamovitch in the light of his distinguished education and talents. I am enclosing a brief resume of his background and experience.

The Honorable Kenneth B. Keating

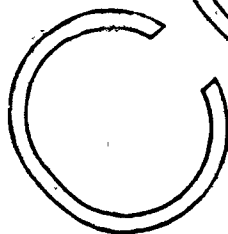

- 2 -

Dr. Adamovitch believes that there is now a place for him in the Library of Congress, and I am writing you because you are a member of the Joint Committee of Congress which is in charge of the Library. Dr. Adamovitch, as stated above, was previously a member of the Library's Mid-European Law Project, comprised of some 20 to 27 legal analysts. This precise project was apparently discontinued and thereafter 10 of the former project analysts were integrated into the European division of the Law Library. On the basis of seniority, Dr. Adamovitch was not included among these 10 men.

Dr. Adamovitch advises me that a vacancy has now occurred in the European Division of the Law Library. He believes that by seniority and qualifications, he is next in line and extremely well fitted for that vacancy. Dr. Adamovitch as you will see from the enclosed resume of his experience, speaks and writes several European languages, including French, is thoroughly familiar with the civil law throughout Europe and elsewhere, and would bring to the European Division much needed abilities and experience.

I earnestly wish to bring this matter to your attention and to urge you most sincerely to use your good offices for helping Dr. Adamovitch return to this work in the Library of Congress. I believe that it would be a great assistance both to Dr. Adamovitch and to our country,

Yours very sincerely,

Encl.

Dear [redacted]

Thank you for your recent letters concerning your interest in the appointment of Dr. Alexander Adamovitch to a position in the European Division of the Law Library of the Library of Congress. I have read your comments about Dr. Adamovitch with great interest and certainly agree that he has qualifications which fit him well for such work.

I have taken this matter up with officials at the Library and they inform me that at the present time, no one has been appointed Chief of the European Division and, therefore, there is no vacancy in the Deputy's job. In addition, they have no record that Dr. Adamovitch has applied for a position at the Library.

I would therefore suggest that Dr. Adamovitch write directly to [redacted] Library of Congress, outlining his interest in obtaining employment in the European Division and enclosing a resume of his background. This would be an essential first step for obtaining some kind of a job there. If you or Dr. Adamovitch will keep me advised of developments, I would be glad to see what I can do to help out.

Very sincerely yours,

For many years several of my partners and I have known of the exceptional background of Mr. Alexander Adamovitch, at one time a leading member of the Bar in Yugoslavia and who, after extraordinary adventures, made his way to the United States where he has, for some years, been a creditable American citizen. Re: Alexander Adamovitch

My dear Senator Keating:

Under date of July 23, 1961 I wrote you with respect to my highly respected colleague, Dr. Alexander Adamovitch, a United States citizen who is seeking a position in the European Division of the Law Library of the Library of Congress. At that time I wrote about his outstanding qualifications as a European and American lawyer, of his loyalty and past services to the United States and of his real need of making such a connection.

On August 12, 1961 you were good enough to reply and state that his qualifications would fit him well for such work. You advised, however, that at that time no one had been appointed Chief of the European Division and that therefore there was no vacancy.

I am now advised by Dr. Adamovitch that [] [] has been appointed Chief of the Division and that by reason of his appointment there is a vacancy in the European Division, for which Dr. Adamovitch is singularly qualified and to which he would very much like to be appointed. I understand that [] has recommended him for this position and should very greatly appreciate your good offices in the matter also. Frankly, I am confident that a word from you at this time would be of the greatest assistance.

b6
b7c

As I understand the matter, Dr. Adamovitch is not seeking to obtain the position previously held by Dr. Jann, but would be very happy to fill the vacancy created at the bottom by the normal advancement of present employees.

As I previously advised you, Dr. Adamovitch worked for some time for the European Division of the Law Library and was laid off about two years ago when the personnel was reduced. He believes that he is next in line for the vacancy referred to above and advises me that his dossier is still on file with the European Division,

that he has never withdrawn his pension deposits and that it would be a very simple and natural procedure to restore him to his old duties.

I am enclosing copies of some of our previous correspondence and shall surely appreciate anything you see fit to do in the matter.

Dear Senator Keating:

Thank you for your letter of March 21 in behalf of Dr. Alexander Adamovitch, who is interested in re-employment on our staff.

As a former staff member, Dr. Adamovitch's qualifications are well known to us. However, there are two difficulties insofar as his application is concerned. Dr. Adamovitch's wife is a member of our staff, and our policy precludes the employment of relatives except under very exceptional circumstances. Furthermore, we recently had to go through a reduction in force in the East European Accessions Index. Several staff members with backgrounds like Dr. Adamovitch's have yet to be placed in regular positions. It is therefore unlikely that we would be able to consider him even if his wife were not on our staff.

I regret not being able to be encouraging in this matter, but I appreciate your interest in calling Dr. Adamovitch's availability to our attention.

Sincerely yours,

Dear [redacted]

As a member of the National Committee for a Free Europe, I should like to recommend to you Dr. Alexander Adamovich, 33 Rue des Ecoles, Paris. Dr. Adamovich was legal counsel to the American-Yugoslav Electric Company during the period when I was [redacted] from [redacted]

Dr. Adamovich not only rendered very valuable service to the American owned utility company, but he was very valuable to the American Legation in giving us information during the critical time immediately preceding and following the coup d'etat against the Hitler controlled government in 1941.

I feel that he could be of very valuable service to your office in the event that you require information about Yugoslavia.

I am sending a copy of this letter to Dr. Adamovich, so that he may present it in person.

Dear Ed:

I have received your letter dated June 7, 1963, together with the enclosures, in which you inquired concerning the possibility of Dr. Alexander Adamovitch securing employment with the FBI.

Your interest in bringing this matter to my attention is appreciated. However, I regret to advise you that we have no vacancies for one having Dr. Adamovitch's linguistic ability; therefore, it is not possible to take any further action in his case at this time. His qualifications, nevertheless, have been made a matter of record and in the event we are able to utilize his services, you will be notified.

Re: Dr. Alexander Adamovitch

NOTE: Dr. Alexander Adamovitch was the subject of a Preliminary Inquiry under the Security of Government Employees Program in 1956. This inquiry was initiated upon receipt of information from the New York Office that Dr. Adamovitch was asked by one [redacted] an Attorney in New York City about using his contacts to procure ammunition and weapons for Israel.* At that time, Dr. Adamovitch was employed in the Library of Congress. Investigation by the New York Office revealed information that one [redacted] in his book "Crime Without Punishment" stated that Adamovic was a Commissar handling the expropriations of Jewish properties during World War II. This data was referred to the Civil Service Commission. b6 b7C

Dr. Adamovitch was also investigated by the Bureau in 1960 as a Departmental Applicant (Attorney). During the course of that investigation, one of the individuals interviewed who was associated with Adamovitch stated that the information on Adamovitch in the book "Crime Without Punishment" was false and that [redacted] was a Communist. Dr. Adamovitch reportedly came from a fine Yugoslavian family and was a member of his father's law firm. His brother, [redacted] who was a member of the same firm was arrested by the Communists and spent some time in prison and information furnished in 1960 indicated he was practicing law in Yugoslavia. He was described as not being pro-Tito or pro- Communist. One source reported that when Tito took over Yugoslavia, Dr. Adamovitch's mother and father died mysteriously. Dr. Adamovitch was born in Novi Sad, Yugoslavia 4-6-01. He entered the United States 11-27-51 and became a naturalized American Citizen on 3-12-57 in Washington, D. C. During the applicant's investigation, one individual reported Adamovitch was an opportunist and his judgement would be governed by money, personal interests and position. The remaining investigation was favorable. Biographical data furnished does not include information about Dr. Adamovitch's linguistic ability.

Honorable Edward A. Tamm is on the Director's Special Correspondents' List.

* During Departmental Applicant Investigation, [redacted] denied allegation that Dr. Adamovitch was trying to secure weapons.

The White House announced on February 27th that President Johnson would appoint Federal District Judge Edward A. Tamm, former Assistant to the Director, to a vacancy on the U. S. Court of Appeals for the District of Columbia.

It would be most timely if we could insert a short item concerning this nomination in the March issue of the Investigator. The proof copy of this issue was returned to the Crime Research Section today by the Editorial Board, and Mechanical Section has not begun printing. We feel the attached write-up with photograph is appropriate.

RECOMMENDATION:

That the attached write-up and photograph regarding Judge Edward A. Tamm be approved for inclusion in the March issue of the Investigator and be returned as expeditiously as possible to the Crime Research Section for processing.

NOTE: Judge Tamm, a former Bureau official, is on the Special Correspondents' List on a first-name basis. A cursory examination of the material he enclosed does not particularly indicate that the papers pertain to communist subversion which is also the opinion of [redacted] who sent them to Judge Tamm. However, the papers involve activities of one Sam Greene in Guatemala. Samuel Greene, aka Samuel Rabinovitz, Samuel Rabinowitz, was the subject of an investigation instituted in 1954. He was born in 1892 and resided in New Jersey in 1954. The investigation was instituted on information from an acquaintance of his daughter who confidentially advised that Greene owned a residence in Guatemala, frequently spent time there and expressed comments indicating communist sympathy. During the investigation, several acquaintances alleged Greene appeared to be procommunist and was extremely sympathetic to the leftist regime in Guatemala. This material should be routed to the Domestic Intelligence Division for thorough analysis and any necessary action concerning it.

I congratulate you upon the excellence of your Annual Report for the fiscal year 1963. Again, the record of the Bureau's accomplishments under your magnificent direction constitutes an additional monument to your ability, capacity and general greatness as a leader and an executive.

I like the format of this year's Report. I think the limited use of interesting photographs adds a great deal to the readability of the Report.

My dear Judge Tamm:

Our organization is greatly heartened by the decision in which you participated granting an opportunity for responsible groups to appear before the Federal Communications Commission to protest the re-licensing of broadcasting stations who do not maintain programs in the public interest.

Heretofore we have been frustrated whenever we have undertaken to get some action that would stop the broadcasting of programs that were poisoning the minds, particularly of young people, and encouraging crime and violence.

All we were able to do before was to write letters of protest to the sponsors or get out pamphlets, similar to the attached, evaluating programs. Surely now we can go further.

I know that this was a hard decision for you to make and that you are aware of the wide repercussions it would have. It is indeed a landmark decision of the utmost importance and holds a great promise for reducing the harmful influences that I believe flow from certain programs.

With warm regards and best wishes.

P.S. You might take a look on page 30 at our evaluation of "The F.B.I."

Judge Tamm, a former official of the Bureau, wrote to the Director on September 24, 1965, and inquired concerning the validity of certain recidivism statistics and suggested that the Bureau might adopt such a program.

Attached letter advises Judge Tamm of the existence of the Bureau's program known as Follow-Up on Known Offenders and its publication in Uniform Crime Reports - 1963 and 1964. Since Judge Tamm is interested in recidivism particularly based on prior prison or jail commitments the Uniform Crime Reporting Section and the Voucher-Statistical Section searched with a computer the more than 116,000 criminal records that we have now processed and electronically stored for this fact. The machine time in searching these lengthy records was 30 minutes. We are including this in the reply to Judge Tamm.

It was most kind and gracious of you to speak in approbation of my appearance, last week, before the National Police Academy. I am the one who is obligated to you in this situation, because I thoroughly enjoyed this very rich experience.

I endeavored to explain the court's position, especially in suppression cases, not in the belief that I could justify some of the extreme decisions but rather with the object of endeavoring to have the police at least understand some of the various court rulings.

I again commend you upon the wonderful growth of the National Police Academy and its rise to a position of world-wide prestige. Most certainly, the Academy constitutes a living monument to your farsightedness, and courage.

REVIEW BOARDS DEPRIVE
POLICE OF DUE PROCESS

BY ERNEST CUNEO

NORTH AMERICAN NEWSPAPER ALLIANCE

WASHINGTON, MAY 12 (NANA)--THE VARIOUS MAJOR CITIES OF THESE UNITED STATES ARE CONSIDERING CIVILIAN REVIEW BOARDS TO INVESTIGATE COMPLAINTS AGAINST THE POLICE. NEW YORK HAS FOLLOWED THE LEAD OF PHILADELPHIA BY ESTABLISHING SUCH A BOARD.

THESE SEEM STEPS ILL-TAKEN WHEN CRIME HAS REACHED THE PROPORTIONS OF A NATIONAL CALAMITY. ON A BROAD BASIS, THE INSTITUTION OF SUCH BOARDS AMOUNTS TO A SEVERE VOTE OF NO-CONFIDENCE WHEN A VOTE OF FULL CONFIDENCE IS PRECISELY WHAT THE POLICE FORCES MOST URGENTLY NEED IN ORDER TO CARRY OUT THEIR DIFFICULT DUTY.

THE POLICE REPRESENT THE MORAL FORCE OF THE COMMUNITY. THE BADGE ON A POLICEMAN'S CHEST REPRESENTS THE RECOGNITION OF A COMMUNITY THAT IT IS IMPOSSIBLE TO EXIST WITHOUT LAW AND ORDER, AND THE ASSIGNMENT OF OFFICERS TO PROTECT THAT LAW AND ORDER.

BUT THE POLICEMAN'S BADGE DOES NOT FIGHT FOR HIM ANYMORE THAN HIS FLAG FIGHTS FOR A SOLDIER. INDEED, THE POLICEMAN'S BADGE AND THE FLAG REPRESENT THE SAME MORAL FORCE. LIKE THE SOLDIER, THE POLICEMAN MAY BE ASKED TO GIVE HIS LIFE TO SUSTAIN THAT BADGE AND THE AUTHORITY IT REPRESENTS; SCARCELY A DAY GOES BY WHEN A POLICEMAN DOES NOT GIVE HIS LIFE IN THE LINE OF DUTY IN SOME AMERICAN CITY.

---MORALE---

THE SLIGHTEST MATURE REFLECTION WOULD INDICATE THAT MORALE IS AT LEAST AS IMPORTANT TO A POLICE FORCE AS IT IS TO AN ARMY. NO CIVILIZED NATION WOULD THINK OF TELLING THE MEMBERS OF ITS ARMED FORCES THAT THE LEGAL PROTECTION OF ITS UNIFORM WOULD BE WITHDRAWN ON COMPLAINT OF AN OPPONENT. THAT A SOLDIER MUST HAVE EVEN MORE CONFIDENCE IN HIS FLAG THAN IN HIS WEAPONS IN ORDER TO CARRY ON IS PERHAPS THE BASIC MAXIM OF A MODERN ARMY.

ACCORDINGLY, WHEN A GREAT CITY NOT ONLY WITHDRAWS ITS MORAL SUPPORT FROM ITS POLICE FORCE, BUT ACTUALLY INSTITUTIONALIZES THE SUSPICIONS AND DISTRUSTS OF IT BY CREATING A BOARD OF REVIEW MADE UP OF OUTSIDERS, IT TAKES A LONG STEP TOWARD ACCELERATING THE VERY EVILS THAT BESET IT.

IN THE FIRST PLACE, THERE IS ALREADY FULL REMEDY AT LAW FOR ANY EXCESSIVE USE OF POLICE POWER. NO ONE KNOWS THIS BETTER THAN THE POLICE. THE POLICEMAN IS NOT IMMUNE FROM THE LAWS HE ENFORCES. ON THE CONTRARY, HE IS ALREADY ESPECIALLY VULNERABLE TO THEM. AND A PLACE IS ALREADY SUPPLIED FOR THE HEARING OF SUCH GRIEVANCES, AN OPEN COURT, WHERE HE MAY FACE HIS ACCUSERS.

TO THE EXTENT, THEREFORE, THAT A BOARD OF REVIEW HOLDS ITS OWN TRIAL, IT INVADES THE CONSTITUTIONAL RIGHTS OF THE POLICEMAN. SINCE THE HOLDINGS OF SUCH A BOARD ARE OF GREAT WEIGHT IN THE SUBSEQUENT TRIAL, WHICH IS CERTAIN TO FOLLOW IN THE CIVIL COURTS, THEY DEPRIVE A POLICEMAN OF HIS RIGHT TO DUE PROCESS OF LAW IN THE CIVIL COURTS.

CERTAINLY, DEPARTMENTAL STANDARDS CAN LEGITIMATELY BE HIGHER THAN THOSE DEMANDED BY THE COMMON LAW; CERTAINLY, THEIR PROCEDURES CAN BE LESS FORMAL; BUT TO THE EXTENT THAT THEY PREJUDICE THE RIGHTS OF A POLICEMAN IN A SUBSEQUENT CIVIL ACTION, THEY ARE UNCONSTITUTIONAL AS LACKING DUE PROCESS OF LAW.

THE OPERATIVE EFFECT IS PERFECTLY OBVIOUS. ONCE FOUND DERELICT BEFORE THE DEPARTMENT, THE CIVIL ACTION TAKES ON THE PROPORTIONS, NOT OF AN OPEN TRIAL, BUT OF A MERE SHERIFF'S JURY ASSESSING THE AMOUNT OF DAMAGES AGAINST THE POLICEMAN. THE PRACTICAL EFFECT IS THAT, IN ADDITION TO RISKING HIS LIFE, A POLICEMAN NOW RISKS HIS LIVELIHOOD AND THE SECURITY OF HIS FAMILY EVERY TIME HE MAKES A DIFFICULT ARREST. AND IN HARD, COLD FACT, THE COMMUNITY WILL PAY A TERRIBLE PENALTY FOR ITS FAILURE TO SUSTAIN HIM, BECAUSE IT HAS IN FACT PLACED A PREMIUM ON HIS DOING NOTHING, OR LOOKING THE OTHER WAY, AT THE CRITICAL POINT WHEN HE IS MOST NEEDED.

--PRESUMPTION--

THERE IS AN ALL BUT CONCLUSIVE PRESUMPTION IN THE COMMON LAW THAT A PUBLIC OFFICIAL PERFORMS HIS DUTY HONORABLY. NO BOARDS OF REVIEW EXIST TO DETERMINE WHETHER OR NOT FIREMEN UNNECESSARILY SMASH WINDOWS OR USE TOO MUCH WATER. NO BOARDS OF REVIEW EXIST TO DETERMINE WHETHER HOSPITALS CONDUCT THEIR WORK PROPERLY. THIS DOES NOT MEAN THAT THEY ARE NOT SUBJECT TO REVIEW. ON THE CONTRARY, OFFICIALS ARE ELECTED TO PERFORM THAT VERY SERVICE. THEY ARE RESPONSIBLE TO THE PEOPLE. IT IS A GRAVE QUESTION OF CONSTITUTIONALITY WHETHER THAT DUTY CAN BE DELEGATED TO AN AMORPHOUS BODY OF NO FIXED LAWS, JURISDICTION, OR STANDARDS, AND OF NO FIXED RESPONSIBILITY TO THE PEOPLE.

BUT SINCE NEW YORK NOW HAS A BOARD OF CIVILIAN REVIEW, THE MEMBERS WOULD BE REMISS IN THEIR DUTIES IF THEY DID NOT MAKE SOME EFFORT TO UNDERSTAND POLICE WORK. THEY SHOULD BE ACCORDED FULL COOPERATION BY DEPUTIZING THEM AND PERMITTING THEM TO MAKE AT LEAST ONE HUNDRED VERY DANGEROUS ARRESTS. THIS WOULD GIVE THEM A SORT OF FEEL FOR THE THING. THEREAFTER, THEY SHOULD CONVENE AND ASCERTAIN WHY ADAM CLAYTON POWELL, SWAGGERING LORD OF HARLEM, HAS BEEN ABLE TO DEFY THE LAWS OF THE STATE OF NEW YORK -- THE VERY SAME LAWS THAT A POLICEMAN IS SWORN TO UPHOLD AT COST OF HIS LIFE.

Dear Ed:

The 79th Session of the FBI National Academy will convene in Washington on March 20, 1967, with 100 law enforcement officers in attendance. I would be most appreciative if you could appear before this class on Friday, March 31, from 10 a.m. to 12 noon to discuss those matters which, in your judgment, would be of interest to them in dealing with the courts. If you can be with us on March 31, I will be pleased to have a Special Agent of this Bureau provide transportation to the Department of Justice Building and return.

Sincerely,

He first appeared before the 78th Session of the National Academy on October 18, 1966, and was exceptionally well received by the class. His lecture differs considerably from that of Judge Matthew F. Both lectures are fitting and well placed as introductory material to legal subjects later presented by Training Division instructors.

To: Attorney General, U. S. Department of Justice, Washington, D. C.
Attorney General, State of California
Police Chief Anderson, Beverly Hills, California
Interstate Commerce Commission, Washington, D. C.
The Honorable Senator William Fulbright, Washington, D. C.
The Honorable Emanuel Celler, House of Representatives, Washington, D. C.
The Honorable Jerome Waldie, House of Representatives, Washington, D. C.

In approximately January, 1964, [redacted] closed down Director John Edgar Hoover's Washington, D. C. apartment (see attachment enclosed giving a list of some of the items and papers and other information pertaining to this action). [redacted] had no power of attorney to do this, and from what I have heard, he would be the last person Director Hoover would want to do this. The Director is a wealthy man, and it is my guess that he did not want the apartment closed at all, NOR ITS BELONGINGS TOUCHED.

I am now told, that the eight pieces of jewelry (unless one piece is held in safe keeping by [redacted] who has known Director Hoover since childhood, I am told) were left on the [redacted]

[redacted] AND IT IS CERTAIN IT WAS DONE WITH HIS KNOWLEDGE, for the purpose of providing the 'BRISE' to motivate the [redacted] to use the organization of the Catholic Church to STIR UNREST AMONG NEGROES - Catholic priests in Milwaukee leadings such demonstrations - in LAECOR - probably responsible for the United Federation of Teachers' leader in New York, and probably other places. [redacted] is Catholic and 'talks a form of socialism in connection with federalizing certain public utility labor areas.' The 'Concerned Catholic Parents' of Chicago state their church's text books advocate a form of socialism.

I believe that local, state and national leaders should unite to INSIST THAT [redacted] GIVE AN ACCOUNTING OF ALL OF DIRECTOR HOOVER'S PROPERTY TAKEN FROM THE APARTMENT, AND THEN IT SHOULD BE PLACED IN THE SAFEKEEPING OF THE FEDERAL DISTRICT COURT IN WASHINGTON, D. C., WHERE KINDLY WASHINGTON GROUPS, I BELIEVE, HAVE ALREADY INSISTED THE DIRECTOR'S WILL BE HELD. [redacted] COULD BE CONSULTED, IF NECESSARY, BY THE DIRECTOR HIMSELF. HIS FINE MIND IS AS FINE AS EVER. I am enclosing copies of letters to 'HOOVER REAL ESTATE COMPANIES' WHICH MAY BE COMPANIES THE DIRECTOR ORGANIZED TO HANDLE HIS REAL ESTATE INTERESTS IN THE [redacted] AREA. IF HE HAS A LEGAL STAFF, HE COULD BE DRAFTED TO GET THE DIRECTOR FREE. HIS EMERITUS RETURNED. THROUGH WASHINGTON, D. C. AND THE AMERICAN BAR ASSOCIATION. The attached letter will explain why this is necessary. If no lawyer representing the Director's interests can be located, A GOVERNMENT LAWYER SHOULD BE APPOINTED, I HOPE THROUGH THE EFFORTS OF THE ATTORNEY GENERAL, IN ORDER TO DO THIS FOR THE DIRECTOR, A PUBLIC SERVANT OF THE HIGHEST CALIBER AND GREATEST DEDICATION FOR FORTY YEARS. The Director prizes his mother's heirloom jewelry, his personal jewelry which [redacted] also has, his Marie Antionette furniture, which was stored at one time, I believe, in the BEL AIRE STORAGE COMPANY, BEVERLY HILLS, etc. Some of this stocks were COUPON STOCKS.

GOLDWATER - NEVER WERE PRESIDENTIAL, VICE-PRESIDENTIAL CALIBER. They should not even be in public office; all of them have been involved in the following procedures to some extent. President Johnson should be drafted by Democrats; Rockefeller by Republicans.

TO: NEWSPAPER EDITORS, POLITICAL STATESMEN

An 'ACTION GROUP' is needed to free the real Director John Edgar Hoover from a form of political prison. He should have the American Bar Association working with the President-Congress-Supreme Court to return his extensive property to his control, to have his freedom, and his emeritus returned.

The [redacted] regime brought an international crime syndicate [redacted] to Washington, D. C., which probably explains why President Roosevelt ran the third term - to keep it from 'taking over' government at that time.

The REAL DIRECTOR J. EDGAR HOOVER (may be a double in Washington), is held as a political prisoner, which type of prison is the most insulting kind.

There is also involved ONE OF THE MOST BRAZEN ATTEMPTS AT ROBBERY AND FRAUD ON A LARGE SCALE THAT PERHAPS HAS EVER BEEN. It is false imprisonment of a national hero, the Director, and will take concerned and concerted action of important people, such as Congress, helping the President, to free the Director since he has literally been hidden by Goldwater, following the injuries of November 6, 1964. On this date, two Costa Nostra who had secured police positions (former Police Chief and under the former mayor, New York City), entered the Director's apartment (Hoover) in New York City, shot him across the forehead. It is believed Director Hoover's training made it possible for him to stop them, but he was injured to unconsciousness and was taken to Kings County Hospital, Brooklyn, and literally has been imprisoned and hidden since, now perhaps at Lowell, Massachusetts, State Mental Hospital. I hope he is in a federal hospital instead, or a private one.

The Honorable Judge Anfuso, State Supreme Court, Brooklyn, is able to recall Director Hoover, whether he is held by that name or the incognito names of [redacted] at Lowell, Massachusetts, or some other place. He should not be in Massachusetts but was taken there after the above-described injury. Commissioner [redacted] 100 Center Street, Department of Corrections, New York City (perhaps the help of Congressional Members will be necessary - Mayor Lindsay's administrative assistant who was with him in Washington will know) may be of help.

While Robert Kennedy was Attorney General, there was a drugging of Director Hoover to unconsciousness, a framing and kangaroo court hearings, after which Goldwater maneuvered to have Director Hoover declared LEGALLY DEAD. Until Director Hoover is free, it is hoped his property is under [redacted] (known since childhood) OR THE GENERAL DAVID SARNOFF, RCA, FAMILY (FRIENDS OF DIRECTOR HOOVER). GOLDWATER SHOULD NEVER BE ALLOWED TO TOUCH DIRECTOR HOOVER'S PROPERTY OR LIFE. Director Hoover has \$5-6,000,000 - any lawyer should be most anxious to help him. Barry Goldwater took Director

first part of 1964. I BELIEVE HE HAS SINCE BEEN REQUIRED TO DEPOSIT IT WITH A FEDERAL COURT IN WASHINGTON, D. C. The WILL ties into a \$1,000,000 trust fund established through a lawyer and probably Security First National Bank in Pasadena (230 or 380 East Colorado).

The trust fund of originally \$1,000,000 (bank deposits, real estate and property shown below) belongs to the Honorable J. Edgar Hoover and perhaps General David Sarnoff, Radio Corporation of America. This trust-foundation should be under the control only of [redacted] and/or General Sarnoff, Radio Corporation of America-NBC, Rockefeller Center, Fifth Avenue, New York City, New York, at least until Director Hoover has been reinstated as legally alive and in charge of his own fortune.

b6
b7C

Until December 31, 1963, Barry Goldwater may have had a very limited power of attorney in connection with supreme court hearings in Los Angeles - he has NO POWER OF ATTORNEY NOW. Director Hoover has insisted through his investments in Los Angeles that he does not want BARRY GOLDWATER-W. H. SANDERS TO HAVE ANYTHING TO DO WITH HIS INVESTMENTS OR MONEY.

Director Hoover's property includes:

(1) Interests in VONS SHOPPING MARKETS, Los Angeles area. Income from this as well as perhaps other property is supposed to help maintain the trust fund.

(2) There is a meat-packing business.

(3) There are many small businesses, including beauty shops, locally, probably La Canada area.

(4) There are two (2) gourmet restaurants, probably New York, Washington, D. C.

(5) \$50,000 electronic equipment installation at [redacted] court-approved while the Federal Bureau of Investigation personnel resided there (may be under [redacted] control).

(6) Perhaps electronic stations such as KRLA, Pasadena, TV Channels 9 and 5, Los Angeles, and others throughout the United States.

(7) \$2,000,000 of stock, New York, in Radio Corporation of America-National Broadcasting Company, all of which should be completely under control of General David Sarnoff, as should all of Director Hoover-Sarnoff properties.

(8) Large retail establishment in Ohio, which may be named 'Jules' Department Store.

(9) Pieces of Marie Antionette furniture, priceless, and dear to the heart of the Director, which may be stored in DEL AIRE STORAGE, Beverly Hills. Barry Goldwater took it from the Director's Washington, D. C. apartment with no power of attorney.

(10) There are eight priceless pieces of heirloom jewelry, all of which belonged to the Director's mother. It would be likely there would be Director Hoover's personal jewelry.

(11) A book Director Hoover intended to sponsor, and which he revised with that in mind, entitled CHILDREN'S LAND OF SHOULDN'T BE.

(12) Many stocks in Shell Oil, General Motors, Telephone, perhaps Edison Company.

(13) Much real estate in the La Canada-Flintridge area. (CRIME IS CONTAGIOUS: Barry Goldwater transferred about \$160,000 of Director Hoover's money to his own uses; [redacted] is said to have used the illegal guardianship under which an unconstitutional divorce was filed March 18, 1966, on [redacted], as an excuse for using the proceeds of Director Hoover's valuable real estate sold when the freeway hit it TO HIS OWN FUNDS (perhaps some of it is processed through VALLEY NATIONAL BANK, Hollywood-North). He is said to have given \$16,000 to the Catholic Church for protection, some went to taxes, but he said to have benefited by \$40,000. IT WOULD BE WELL TO KNOW IF JUDGE NOBLE OF PASADENA SUPERIOR COURT GAVE HIM PROTECTION FOR THIS ILLEGAL ACT. He is said to have pocketed the above \$40,000 after taxes. b6 b7C

THIS LEAVES ONLY \$650,000 out of Director Hoover's \$1,000,000 - [redacted] and Barry Goldwater had no right to touch Director Hoover's money nor to impose pseudo-psychiatric procedures into [redacted] and children's lives. CAN'T LAW ENFORCEMENT ACTION, STATE AND FEDERAL, BE TAKEN?

(14) Possible interests in Supreme Dairy Chain. (??)

It is hoped the double for Director Hoover in Washington (there was one) IS FIRED.

Newspapers should investigate this situation and act as liaison to secure a lawyer who will handle the WRITS OF RELEASE, HABEAS CORPUS, REINSTATEMENT OF DIRECTOR HOOVER AS 'LEGALLY ALIVE' AND IN CHARGE OF HIS OWN PROPERTY AND SHOULD ALSO ACT AS LIAISON WITH THE PRESIDENT for whatever form of reprieve on a FRAMED situation is needed.

[redacted] wishes this. [redacted] fine husband, now deceased, was a witness on Director Hoover's WILL.

(It is believed that Robert Kennedy and Barry Goldwater were responsible for the arrangements that took the Costra Nostra in police uniform into Director Hoover's apartment, November 6, 1964, as well as the framing and drugging of the Director late in 1963. It is said that while the Director was drugged to unconsciousness, then just barely awakening that Barry Goldwater, or someone he hired, reputedly staged a teen-age girl in the Director's presence and then shot her. This was followed by the kangaroo courts arranged by Robert Kennedy as Attorney General - which may require a reprieve from the President for a framed situation, and reinstatement by the American Bar Association for the Director.

SARGENT [] OF THE MONTROSE SHERIFF STATION SHOULD BE REPLACED.
The Montrose Station will not improve with him in charge. The other men do not have the authority.

Goldwater and [] - others - pay SARGENT [] in charge of the Montrose Sheriff Station - FOR PROTECTION. This means no protection for the conscientious citizen, for children against child molesting.

All of Goldwater's Eastern former friends have deserted him; they know him to be dishonest, to be a child molester. She know now that he is a CHILD MOLESTER, HOMOSEXUAL-BI-SEXUAL. Goldwater had a male crowd of doctors, Beardsley, Rapp, Abbey, Hoag, Dr. Wilbur. He may now have only Dr. Wilbur and Dr. Abbey, maybe a Dr. James Lee or Dr. DeCayotte, Dr. Rameriz, County General Hospital.

THIS IS A COMMUNITY PROBLEM. PLEASE HELP! Goldwater should not have any contact with young people. This is one of his interests AND HE IS A BAD INFLUENCE.

His other interest is: He has little money; his wife is wealthy. Goldwater and Kennedy arranged for Costra Nostra to be hired as police, New York City, under former mayor and police chief. Director Hoover was injured, is alive. DIRECTOR HOOVER LEFT \$1,000,000 in Los Angeles (remember [] FBI, but privately paid). Goldwater has transferred illegally \$160,000 to his own use; [] managed an illegal sale of Director Hoover's property hit by the freeway, transferred nearly \$100,000 to his own uses, some to taxes, \$16,000 to the Catholic Church for protection, \$40,000 left for him; they have mis-used \$100,000 on pseudo-psychiatric procedures. Goldwater would like to steal the rest - would like control of Director Hoover's Eastern money. HE IS NOT EVEN ENTITLED TO ANY CONTACT WITH DIRECTOR HOOVER, OR HIS MONEY.

DIRECTOR HOOVER NEVER WANTED ANY CONTACT WITH GOLDWATER WHATSOEVER.

Do not work with Goldwater on court procedures (mental health) - they were started by Goldwater and Kennedy using philanthropists money - oftentimes against the wishes of the philanthropists.

GOLDWATER AND KENNEDY BOTH USE THE COSTRA NOSTRA.

My dear Edgar:

Judge J. Skelly Wright has turned over to me two copies of the enclosed literature bearing the caption, "The Working People Have a Legal Right to Overthrow a Bad Government." Judge Wright felt that this document was definitely subversive in nature and that the Bureau might have some interest in determining the identity of its publishers and distributors. Judge Wright also turned over to me the envelope in which this material was mailed to him.

I, of course, furnish this material to you for whatever action the Bureau feels should be taken.

Sincerely,

Edward Allen Tamm

Dear Ed:

I have received your letter of July 18th, together with its enclosure, regarding John Ford Baecher, which.

With respect to your inquiry, Baecher was a Special Agent during 1930 and 1931 and was subsequently employed as an Attorney in the Antitrust Division of the Department. He retired during 1965 at the age of sixty-two.

On October 21, 1966, Baecher filed a rambling and incoherent suit against me, the Attorney General, and twenty-nine other Government officials under the Federal Tort Claims Act wherein he sought \$11,000,000 and the restoration of his Antitrust Division position. This suit was dismissed in the United States District Court for the District of Columbia on March 15, 1967.

I am returning the enclosure to your communication since I thought you might like to have it for your files. I trust the above information will be of help to you.

My dear Edgar:

I attach hereto what I must characterize as a "nut letter" and one which admittedly would not be deserving of any attention. It excites our interest, however, because, although mailed in Melbourne, Australia, it was addressed to Mrs. Grace Sullivan Tamm, and the use of her maiden name as a preface suggests earlier acquaintanceship with her on the part of the writer.

It is my recollection that about 1930 there was in the Bureau service for a short time a young lawyer named John Ford Baecher, and my recollection is that he left the Bureau and subsequently spent a great many years as an attorney in the Justice Department. My vague recollection is that he married a girl from Australia.

If it is possible, upon the basis of this general information, I would like to know whether the writer of this letter is, in fact, the John Ford Baecher who was formerly in the Bureau.

Sincerely,

EAT

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. ROSEN

Judge Edward A. Tamm called. He advised that he had lunch today with [redacted] and he said there is about to be a big scandal break involving the Federal Court in California. I asked if it were the Northern or Southern District and Judge Tamm said the Central as he said the Chief Judge is Clarke and his, Tamm's, book lists a Thurmond Clarke as Chief Judge of the District Court in Los Angeles. Judge Tamm continued that [redacted] says this involves the appointment and payment of attorneys apparently in receivership cases and things of that kind and [redacted] said it is really a big "stink," and that the Court of Appeals is sitting on it and Chief Justice Warren is very much worried about it.

Judge Tamm said he did not know if the Bureau was in on it and knew the background or not, but he thought I might be asked about it. I told him I had not heard about it and would like to check on it. Judge Tamm said that [redacted] says there is going to be a bad blow-up.

I told Judge Tamm I would like to check into that and he stated he thought I would like to check on it and be abreast of it, especially if the President should ask about it.

Very truly yours,

John Edgar Hoover

I have read with great interest your testimony before the House Subcommittee on Appropriations in support of the 1969 Bureau appropriations. I have found this testimony to be most informative as to the Bureau's tremendous actions and major accomplishments. I read in it again a continuance of the efficiency and effectiveness which are associated in the public's mind with the Bureau operation. It certainly is an index of the Bureau's great prestige to realize the tremendous amount of money which is so readily made available upon the basis of your testimony. I recall the Bureau budget in 1930 as totaling some three million dollars. Most certainly the events of the ensuing 38 years establish an eminent record representing an eternal tribute to your dynamic and courageous leadership.

Attached for the Director's signature are certificates to be presented to Judge Edward A. Tamm and Mr. Edmund D. Mason in appreciation for their five years of service as visiting instructors before the FBI National Academy. The Director has previously approved the awarding of certificates to those visiting instructors who appear before the Academy for five years. Judge Tamm first appeared on October 18, 1966, and Mr. Mason's first appearance was May 23, 1966. Judge Tamm is currently scheduled to address the 88th Session of the National Academy on September 27, 1971, and Mr. Mason is scheduled for October 29, 1971. Both are due to receive certificates.

In the event the Director does not wish to present these certificates personally, I will make the presentations at the time these individuals are introduced to the National Academy class.

RECOMMENDATIONS:

1. That the attached certificates be signed by the Director.

2. If the Director does not wish to present these certificates personally, that they be returned to the Training Division, with the Director's signature, for presentation at the time these instructors are introduced to the National Academy class.

My pleasure at appearing before the Academy was climaxed by our very pleasant visit, and I look forward to seeing you again on an early occasion.

My dear Clarence:

I am most favorably impressed with your excellent interview as it appears in the current issue of U.S. News & World Report. I believe that this interview will do a great deal to restore the public esteem in which the Bureau was held for so many years.

Collaterally I have noted various other press interviews with you and press statements by you, all of which create an image of ability and capability on your part. I once felt that while a successor would undoubtedly be appointed to replace Edgar Hoover, no one would in reality take his place. The excellent manner in which you are conducting the Bureau's diverse and difficult operations has caused me to think that you are actually taking his place.

Sincerely,

Edward Allen Tamm

DECLASSIFIED BY SP6 BJA/48

My dear Mr. Director:

ON 7-8-86

With great reluctance I request your assistance in a travel problem which is brought on by the current and seemingly increasing fuel restrictions. I am required, on judicial business, to be in Phoenix, Arizona, Houston, Texas, Montgomery, Alabama, in a relatively short period of time and am desirous of confirming my travel and other reservations at the earliest possible date to insure stability in my plans.

I shall leave Washington on January 21 to attend a Chicago meeting of one day and will depart from Chicago on the evening of January 22 on the Superchief train. This train will bring me into Flagstaff, Arizona, at 9:50 p.m. on January 23. If it is possible for you to do so, I would greatly appreciate having a Bureau agent meet me at Flagstaff, Arizona, on the evening of January 23 and drive me to Phoenix, Arizona. It is impossible for me to reach Phoenix by any other accommodations which I am able to reserve with the knowledge that the facilities will be available.

I plan to leave Phoenix on the Sunset Limited at 6:00 a.m. on January 30 and if a Phoenix agent will assist me in reaching the station in time to make this connection, it will permit me to meet my three subsequent commitments.

As I have indicated, I am most reluctant to make this request of you, but if it is possible for you to help me in this situation, it will permit me to fulfill some five late January and early February commitments.

With expressions of my highest esteem and best regards,

Sincerely,

Edward Allen Tamm

I am both impressed and pleased by the image which you are creating in your very demanding position as Director of the Bureau. I make this observation at this time because I thought the article in the Star-News on March 15, "Super-cop Takes Over at the FBI", was very well presented and afforded the public a picture not of changes that are being made, but of progress that is being accomplished.

You are doing a most praiseworthy job. Keep up the good work.

Dear Judge:

I am most pleased about your observations in your letter of April 1, 1974. On occasion some of the press notices are not too good, as were those reporting my appearances before Harvard, but even there, I think some benefit was derived. At least it is recognized that we are trying to do our job in an atmosphere of fairness, and certainly with the wide proliferation of disclosure and more open attitudes demanded by the public, we need to get some good perspectives.

I do hope that sometime in the future you can join me in lunch here at the Bureau, and if you can make it during the coming weeks, I would appreciate it. Pursuant to this, if you could have your secretary notify [redacted] telephone [redacted] in my office as to your availability, this can be arranged. We, of course, will send a car for you and return you and the entire trip should not take much more than an hour and a half. Please let me know about this.

It will be possible to make available the

NOTE: The Bureau's shredder is located in the basement of the Justice Building in the custody and control of the Administrative Division's Mechanical Section. Normally the shredder is not in use during the day and when Judge Tamm's employee calls Assistant Director Walsh arrangements will be made for their truck to park in the basement and a Mechanical Section employee will insure that the Court employee has ready access to the shredder and will offer assistance in its operation if necessary. Coordinated with Legal Counsel which advises there is no legal reason why our facilities cannot be utilized by a Court employee.

United States Circuit Judge
District of Columbia Circuit
United States Court of Appeals

Dear Judge:

Once again you have been most responsive to one of my speeches, and I am most appreciative of your attention. I do want to point out, however, that you have not indicated when you will be able to have lunch with me and in my role as one of the administrators of the Government, it might be necessary for me to take more drastic measures in order to get you here. I await, therefore, your response.

I plan on seeing [] August 27 and 28 and as usual with the Tamm family, look forward to our association.

Sincerely,

1st Clarence

My dear Clarence:

I commend you for your very thoughtful message in the September issue of the FBI Law Enforcement Bulletin. Most certainly, the ultimate and only successful answer to the question: "Why have we been unable to control crime" is vigorous prosecution and prompt substantial punishment. In the 45 years of my professional life I have been, during that entire period, very close to the crime problem and I am convinced that as long as the public tolerates inefficient police work and judges' hearts having replaced their minds in unrealistic sentencing of dedicated criminals, our crime rates will continue to soar. It is a most unpleasant experience for me from time to time to see the excellent work performed by Bureau agents completely obliterated by inadequate action at the judicial level.

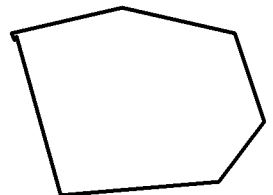

I hope that your message will reach many eyes.

Dear Mrs. Tamm:

Judge Tamm has, in sometimes little but important ways, been a part of my life for the past fifteen years. When I came back for new Judges' seminar, he was one of the first to give counsel and advice. In the subsequent years, the various committees on which we served brought us together frequently and in the process I came not only to admire his towering integrity, but to have a very real affection for him as a warm and understanding human being. After I came to the FBI, he continued to extend his friendship and his counsel and I shall sorely miss him.

The sense of loss is not mine alone here at the Bureau. Judge Tamm is warmly remembered for his many years of distinguished service and as a leader in law enforcement. His opinions were always studied with the most profound respect borne of the knowledge that he understood the realities of criminal investigations and would always seek to be fair and just.

I know something of the difficult process of adjustment that now confronts you. I know too how close you both were. I hope you will find some comfort in the knowledge that your grief is shared by his many friends and admirers. If I can be of any help to you in any way, I hope you will simply pick up the telephone and call.

Sincerely,

U.S. Appeals Court Judge Edward A. Tamm, 79, Dies

By Richard Pearson
Washington Post Staff Writer

Edward A. Tamm, 79, a judge on the U.S. Circuit Court of Appeals for the District of Columbia since 1965 who was a former high FBI official and U.S. District Court judge, died of cancer yesterday at his home in Washington.

Judge Tamm came to Washington in 1928 and graduated from Georgetown University law school two years later.

From 1930 to 1948, he served with the FBI. He was promoted from special agent to assistant director in 1934, a post that he held for six years. From 1940 to 1948, he was assistant to FBI director J. Edgar Hoover.

He was appointed to the U.S. District Court in 1948. During those years, the court dealt not only with the usual run of federal cases but was a court of general jurisdiction for the District of Columbia, hearing a variety of cases that normally would have been tried before state courts.

The District Court also appointed the school board. Judge Tamm's appointment to the court was questioned by some who felt that a career in the FBI was not the best training for the special judicial temperament needed. But, by all accounts, he did a fine job.

When his elevation to the Circuit Court of Appeals was announced, The Post said in an editorial:

"There were reasons to challenge Edward A. Tamm's qualifications for the federal District Court when he was named to it 16 years ago directly from a position in the FBI.

"But his service as a District Court judge has been an overwhelming response to that challenge. He has won general recognition as a trial judge of great fairness and firmness. His devotion to the law and his understanding of it have been enriched by his experience on the bench.

"He has thoroughly earned elevation, and there is every reason to expect that he will be a discerning and dedicated appellate judge."

During his years on the appeals bench, the U.S. Circuit Court here became a leading force in the protection of defendants' rights. And if the former FBI agent did not always concur with the court's liberal wing, he often was seemingly guided by a common-sense approach to the case at hand.

In a 1977 case, Judge Tamm set aside an FCC ruling that seven words (referring to such things as various sexual activities and portions of the female anatomy) could not be aired by radio.

He wrote that the FCC order carried the agency into the "forbidden realm of censorship."

He also pointed out that the broadcasting ban would prohibit the airing, not only of the George Carlin record in question, but certain of Shakespeare's plays, portions of the Bible, works of a long list of prominent authors, "and the Nixon tapes"—a reference to the secretly recorded and profanity-laced White House tapes of the former president.

Judge Tamm made headlines in 1981 when he took his own profession to task. With a backlog of judicial work building up, and his own court the biggest federal offender, he suggested a statute that would deny salary to any federal judge who failed to dispose of a case within 60 days after the date of the hearing.

Judge Tamm estimated the chances for passage of such a law as "zero."

Judge Tamm was born in St. Paul, Minn., and attended Mount Saint Charles College in Helena, Mont., and the University of Montana before moving here. He served in the Navy reserve, attaining the rank of lieutenant commander.

In 1945, he was a special adviser to the U.S. delegation to the U.N.

Conference on International Organizations. He was a trustee of St. Joseph College in Emmitsburg, Md., and served on the board of directors of the Police Boys Club.

He was a member of the Blessed Sacrament Catholic Church, the John Carroll Society, and Columbia Country Club.

Survivors include his wife of 51 years, the former Grace Monica Sullivan of Washington; a son, Edward A., of Amherst, Mass.; a daughter, Grace Escudero of Chevy Chase; a brother, Quinn Tamm of Kensington, and nine grandchildren.

Edward A. Tamm

My dear Judge,

The Georgetown Law Review has asked me to compose an article for their coming memorial edition which will be issued to honor Judge Tamm.

In writing this I would like to refer to his notable work with the Federal Bureau of Investigation where he served for 18 years. I know about his work generally from comments I have received from him and from other members of the Bureau down through the years. But I would like to have something specific as I do not know the specific positions that he held or the major accomplishments that were attributed to him. So, if possible, I would like to have some person detail the exact positions he held in the Bureau and the length of time that he held them. I know that in his latter years at the Bureau he was very close to the Director, but I do not know what his particular position was, or his assignment, or his duties. I would also like to know, for instance, where he served as Special Agent-in-Charge, if any, and the length of service at such locations. I know that he worked out of the New York office at some time. Also, if there was some particular cases that he worked upon or directed that were of significance to the extent that this might be disclosed, I would like to know what the record shows in that connection.

I would not be more specific than would be appropriate. I would not have a laundry list, but, if I could, I thought it might be helpful to have some general comment on some major accomplishments that he might have been connected with in the Bureau. Whatever you think can be furnished in this connection will be highly appreciated.

Most sincerely,

George E. MacKinnon

Dear Judge MacKinnon:

I am responding to your letter of March 10 requesting information concerning Judge Edward A. Tamm's service with the FBI.

Mr. Tamm was appointed as a Special Agent of the FBI on December 1, 1930. He was assigned to the Bureau office located in San Antonio where he remained until January 8, 1931, when he was transferred to Kansas City, Missouri. On February 9, 1931, he was assigned to the Washington, D.C., Field Office of the Bureau and later functioned as one of Mr. Hoover's Administrative Assistants until September 3, 1931, at which time he was transferred to the New York Office where he functioned as a supervisor until November 29, 1933, when he was designated Special Agent in Charge of the Pittsburgh Office.

He remained in this capacity until May 24, 1934, when he was transferred to FBI Headquarters and on October 16, 1935, Mr. Tamm was designated as an Inspector. In August, 1937, he was promoted to the position of Assistant Director and on January 16, 1941, he was designated to the position of Assistant to the Director in charge of the Investigative Divisions of the FBI. Under him were the three Assistant Directors in charge of what was then called the Security Division, the Investigative Division, and the Technical Laboratory.

During his tenure with the FBI, Mr. Tamm was personally involved in several well known cases, including the Lindbergh, Jr. kidnaping case, the apprehensions of members of the John Dillinger and Karpis-Barker gangs, and the George Weyerhaeuser kidnaping case.

In October of 1934, Director Hoover commended Mr. Tamm for his supervision of the Lindbergh case over many long and weary months and noted that Mr. Tamm's supervision contributed materially to the successful outcome of that case.
